PrusaSlicer Use Guide for ZONESTAR 3D Printer

📖 Download and install PrusaSlicer

📖 Slicing guide - Single color

Slicing guide - Multi color

⚠️ **ATTENTION PLEASE** ⚠️

Please pay attention to distinguish the hot end type what you used is **mix color (M4)** hot end or **non mix color(E4)** hot end. **If you print a gcode file sliced on M4 hot end with an E4 hot end, it may block the hot end, vice versa.**

If you don't know what's different between E4 and M4 hotend, please refder to here.
